Dear Dr. Lederberg:

Scientific DataLink is publishing a microfiche collection of artificial intelligence research reports of the Stanford Heuristic Programming Project. A publishing agreement exists between Scientific DataLink and HPP (now the Knowledge Systems Laboratory).

For inclusion in this series, we are requesting your permission to reprint the following paper:

Digital Communications and the Conduct of Science:
The New Literacy [SH78-30]

Where the publisher holds copyright, we have contacted them and obtained their approval.

I've enclosed a copy of this letter and a stamped, self-addressed envelope. To signify granting the permission requested, please sign the copy and return it to Scientific DataLink at your earliest convenience.

Thank you for your help, and please call if you have any questions.

Sincerely,

Judith Gelman

Permission granted:
